Opis

No matter how difficult the trail terrain, our 4-piston technology and novel new ergonomics in the brake lever give you a performance package which will fill you with confidence. The MT5e is also perfect for S-Pedelects.

The aluminium, two-finger brake levers are ergonomically perfect for your hands, allowing you to easily and

accurately apply the braking power you need, even during long braking actions
The braking force of the 4 pistons and outstanding stability make s-pedelects much safer
Cable length: 150 mm
