Opis

No matter how difficult the trail terrain, our 4-piston technology and novel new ergonomics in the brake lever give you a performance package which will fill you with confidence.

The MT5e is also perfect for S-Pedelecs.

The aluminium, two-finger brake levers are ergonomically perfect for your hands, allowing you to easily and accurately apply the braking power you need, even during long braking actions

The braking force of the 4 pistons and outstanding stability make s-pedelecs much safer

Cable length: 150 mm

MAGURA offers a five-year leak proof guarantee for all MAGURA brake masters and brake calipers / cylinders, provided they are exclusively equipped with original MAGURA Spare Parts.
